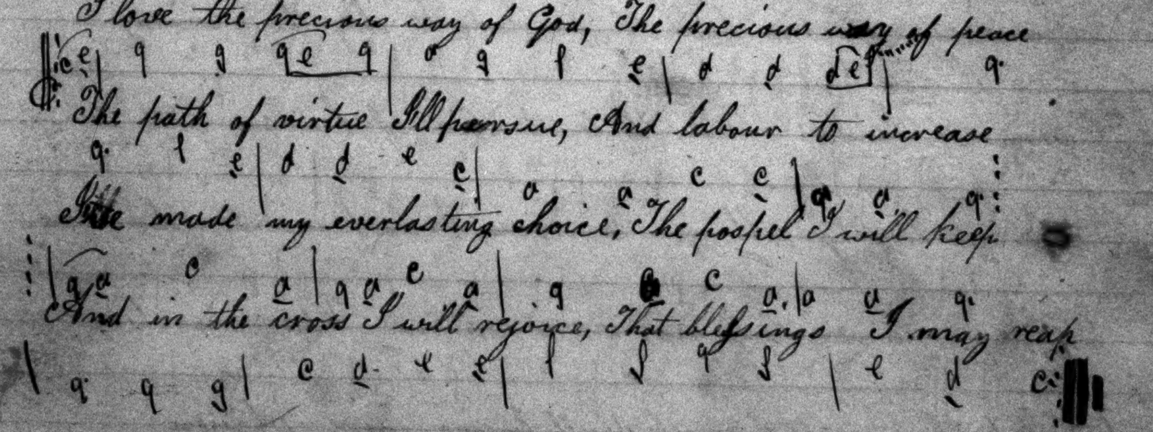
How precious is this heavenly way, Which leads to life & endless day
Of heavenly love a great display,, How happy & how cheering
O may I walk this way sublime, As long as I remain in time
I will begin while in my prime, With patient persevering

In perfect peace I meant to live, My offering I will freely give
That in the end I may receive, A robe of joy and pleasure
Come guardian Angels help my soul, Hensforth all evil to controll
When sore temptation ore me roll, Be then thy love my treasure

Here in the gospel I can find, Releas ment from a troubled mind
And leave the scenes of Earth behind, To gain a lasting treasure
That happiness Earth cannot yield, Each weary spirit here can feel
Here everlasting peace may seal, In love to God progressing



I love the precious way of God, The precious way of peace
The path of virtue I'll pursue, And labour to increase
I've made my everlasting choice, The gospel I will keep
And in the cross I will rejoice, That blessings I may reap

O come ye bright seraphs & ye holy ministring
Angels & witeness our humble cries  O may our prayers

treasures ~~of~~ which flows flows so lin de va  Yea may the
holy givings of the king of Israel reach our needy spirits
Ho-ho-ho-ho with delight & pleasure do the holy Angels se ve en

Blow ye the trumpet of the Lord O ye holy saints

of the Earth may hear the glad tidings of salvation
salvation salvation from sin, Behold the judgments

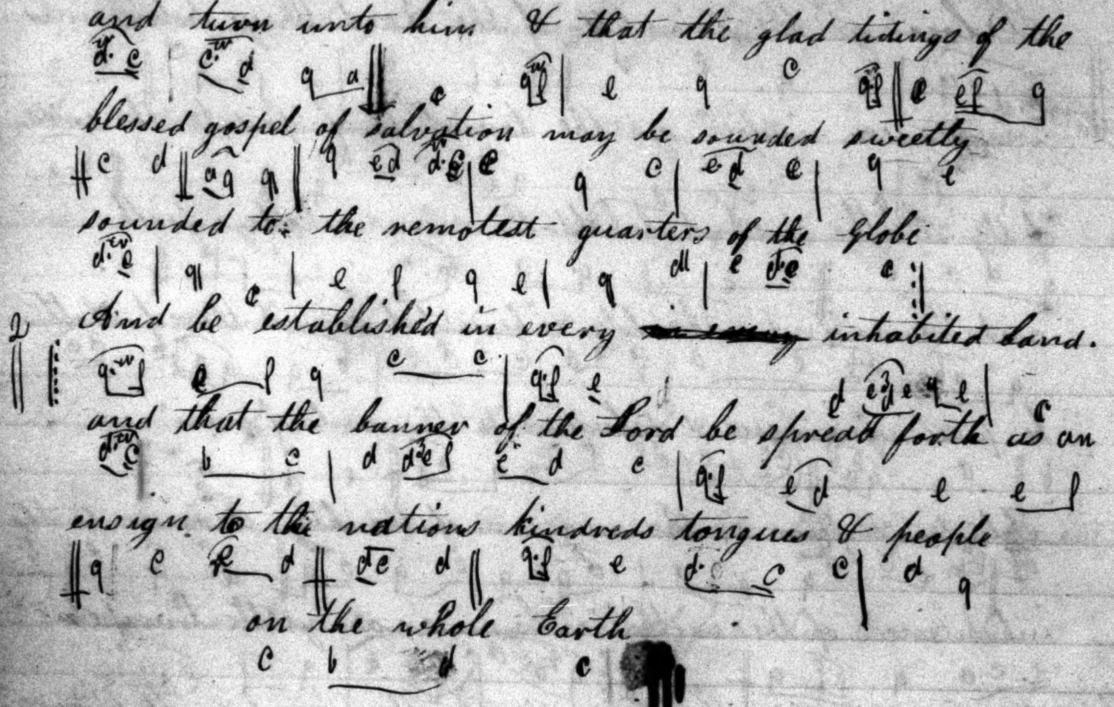
executed on guilty nations who dwell therein
O pray ye to the Lord that they may repent



and turn unto him & that the glad tidings of the
blessed gospel of salvation may be sounded sweetly
sounded to the remotest quarters of the Globe

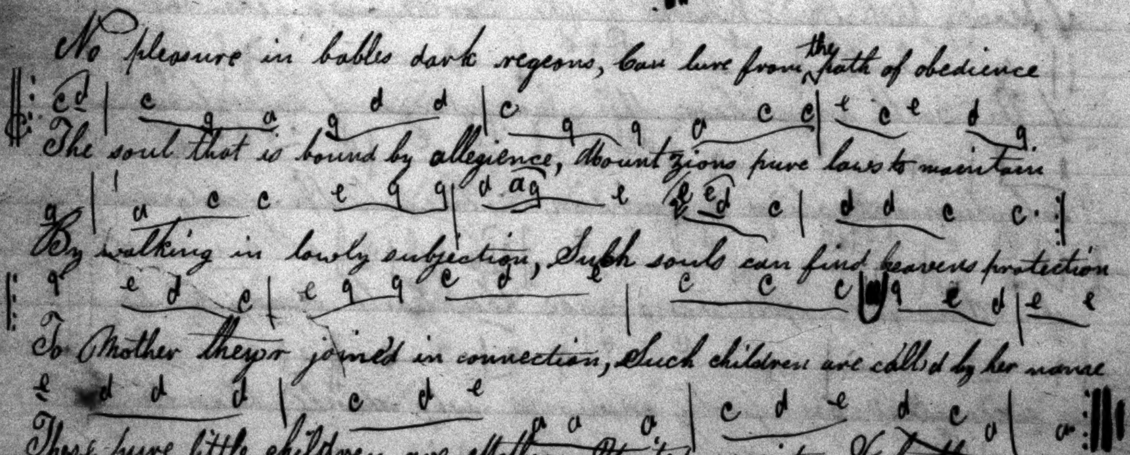
And be established in every inhabited land.
and that the banner of the Lord be spread forth as an
ensign to the nations kindreds tongues & people
on the whole Earth



No pleasure in bables dark regeons, Can lure from the path of obedience
The soul that is bound by allegience, Mount zions pure laws to maintain
By walking in lowly subjection, Such souls can find heavens protection
To Mother they'r joined in connection, Such children are call'd by her name

These pure little children are Mothers, United as sisters & brothers
Prepareing for millions of others, To share in the blesings of peace
The foundation work is completed, The coming of Christ is repeated
And Father & Mother are seated, Their Houshold will ever increase

No discord no strife or contention, Can rule in this sacred convention
No evills of any dimensions, Can dwell in the house of the Lord
But purity love & thanksgiving, Shall rain the hearts of the living
For God in his mercy is giving, Such gifts as the heavens afford

Here heavenly comforts are flowing, The ~~gifts~~ fruits of the spirit are growing
And Mother her love is bestowing, To help us to travel along
Then let us be ever progressing, To gain that rich heavenly blessing
Which we are forever possessing, We'll move with the heavenly throng

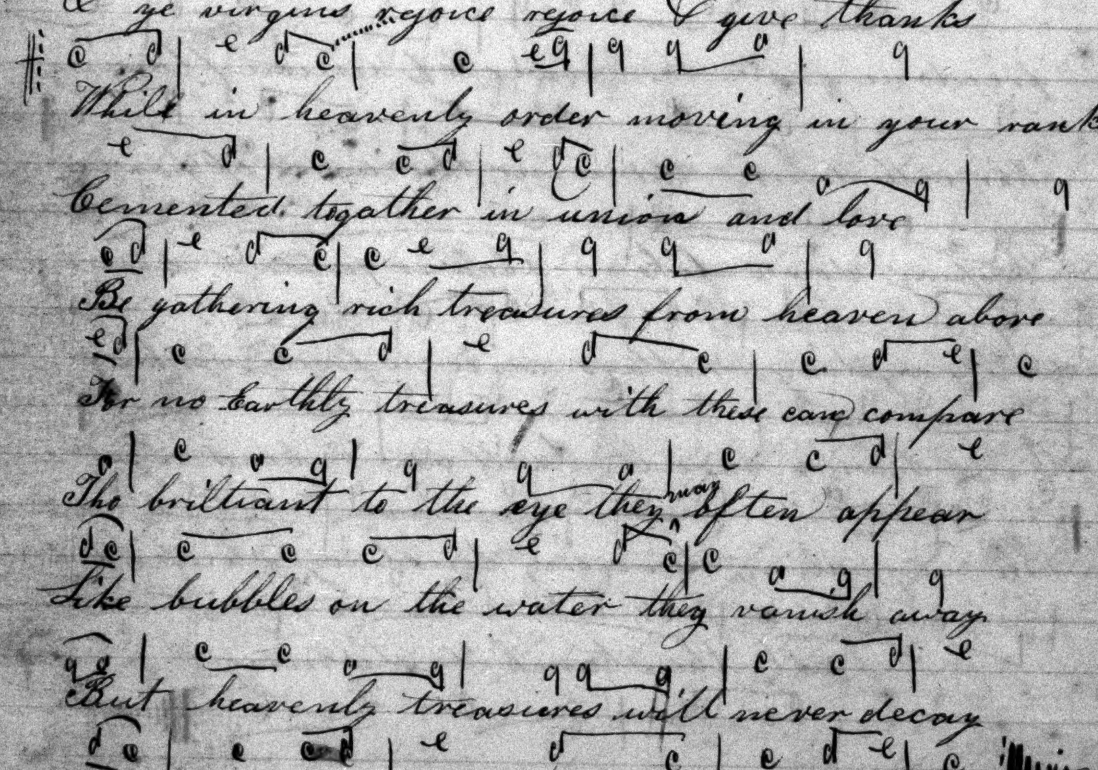
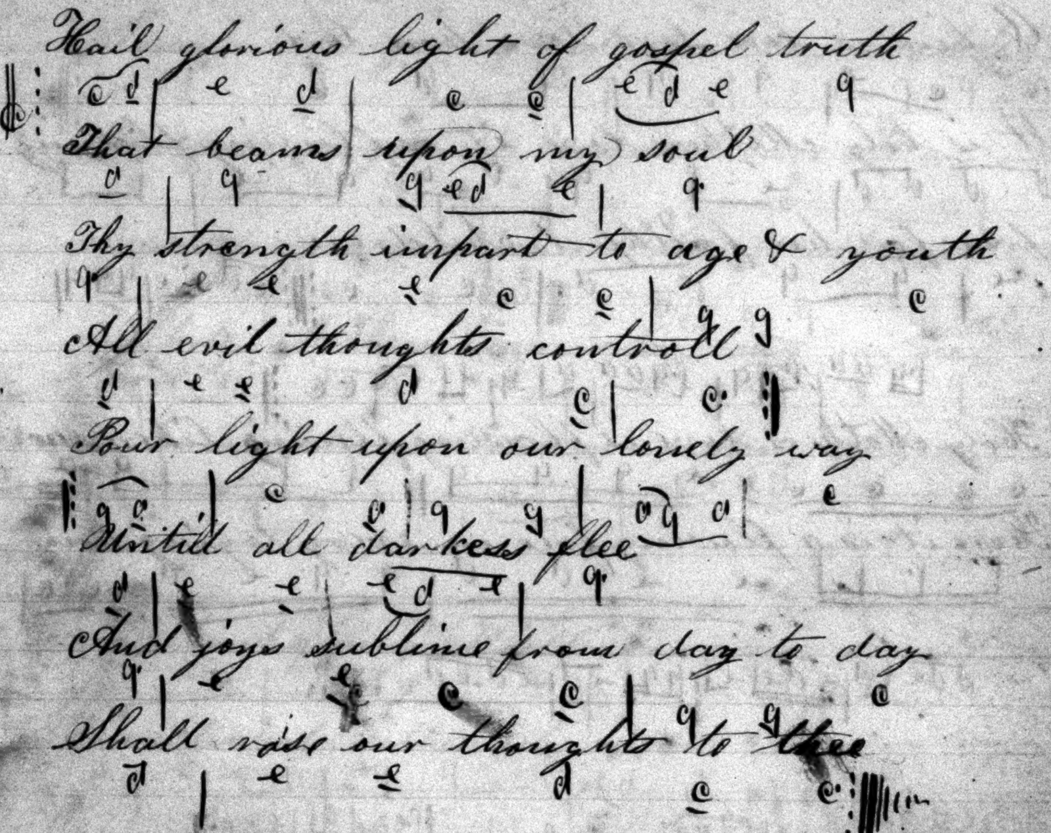
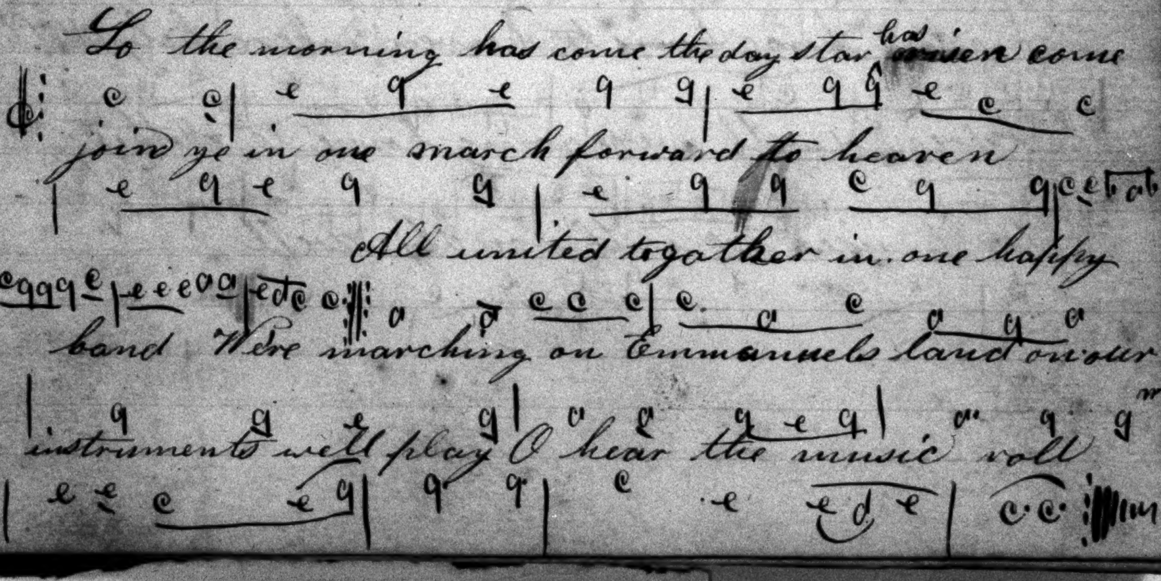
When I leave this world of sorrow, Then my spirit will be free



O ye virgins rejoice rejoice & give thanks
While in heavenly order moving in your ranks
Cemented together in union and love
Be gathering rich treasures from heaven above
For no earthly treasures with these can compare
Tho brilliant to the eye they may often appear
Like bubbles on the water they vanish away
But heavenly treasures will never decay



Hail glorious light of gospel truth
That beams upon my soul
Thy strength impart to age & youth
All evil thoughts controll
Pour light upon our lonely way
Untill all darkess flee
And joys sublime from day to day
Shall rais our thoughts to thee



Lo the morning has come the day star has arisen come
join ye in one march forward to heaven
All united togather in one happy
band We're marching on Emmanuels land on our
instruments we'll play O hear the music roll

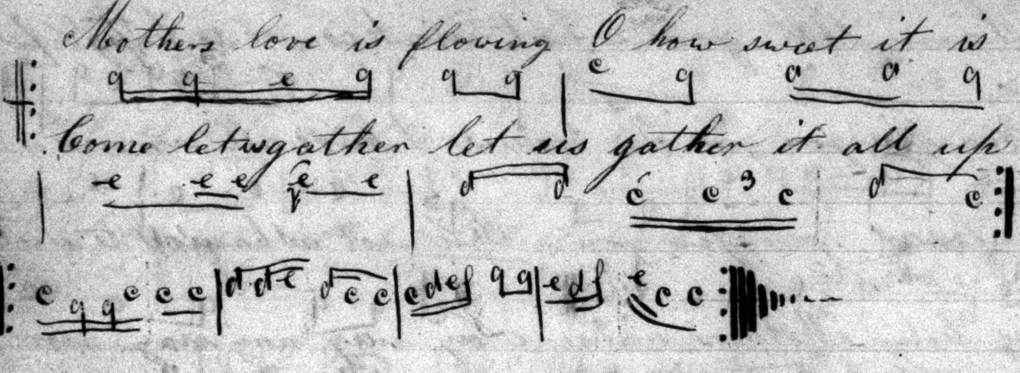
And thank him for the blessings he gave to the earth



Mothers love is flowing O how sweet it is

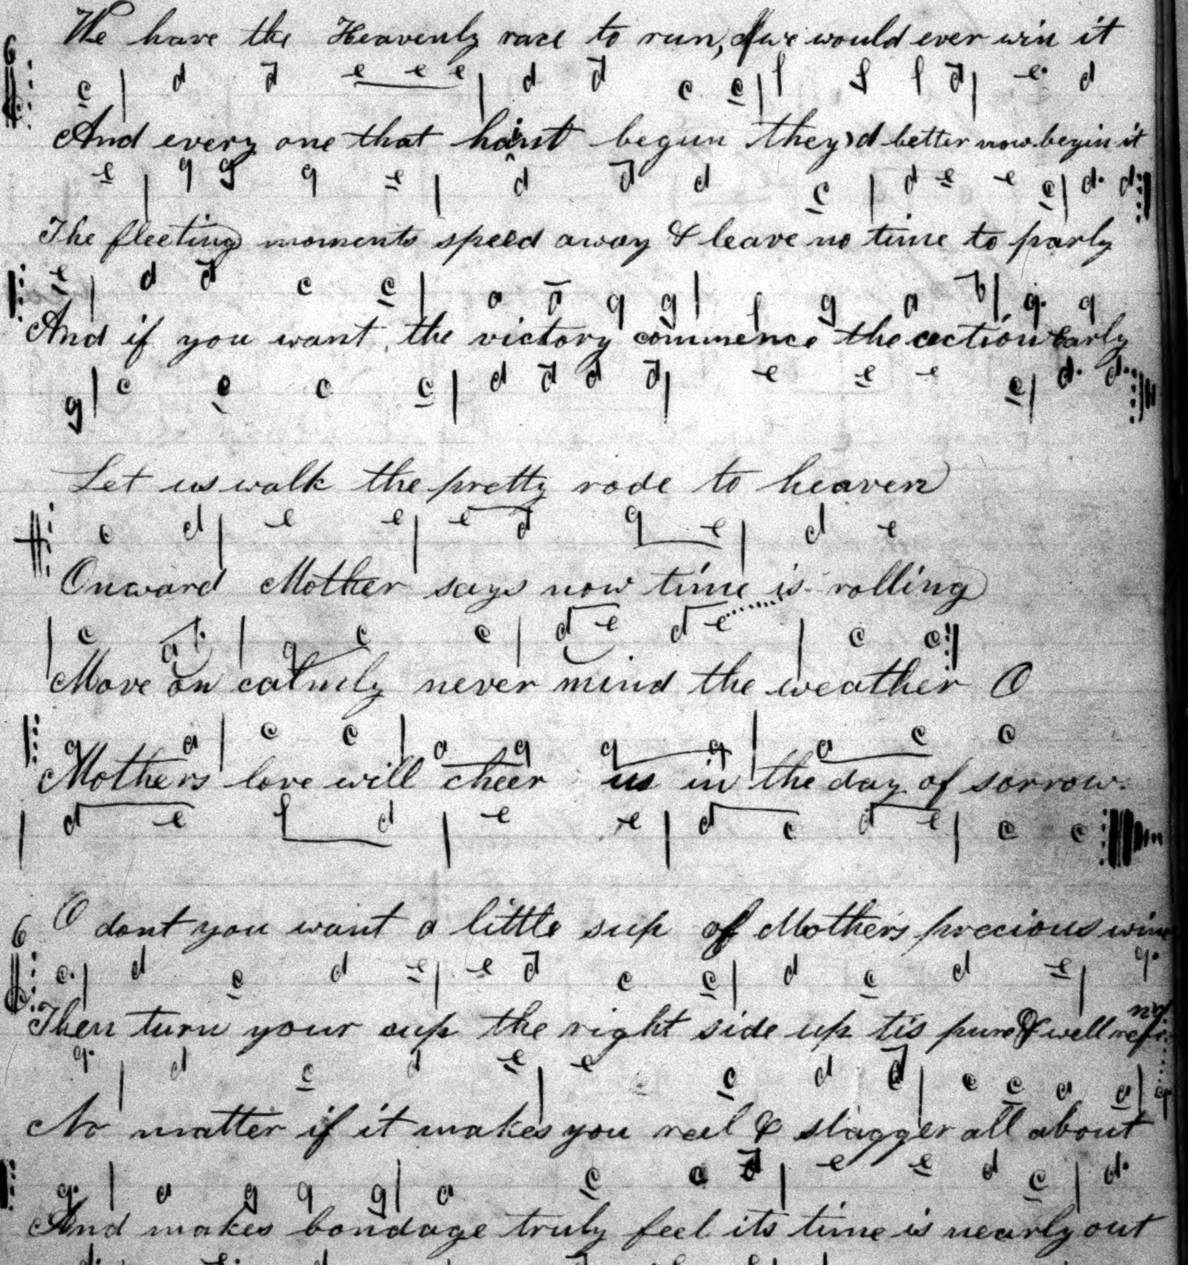
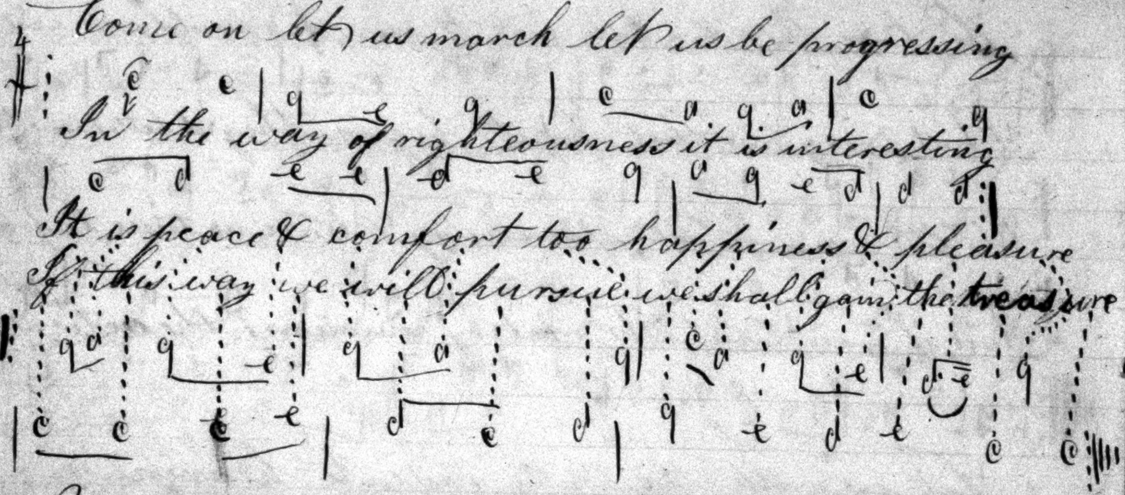
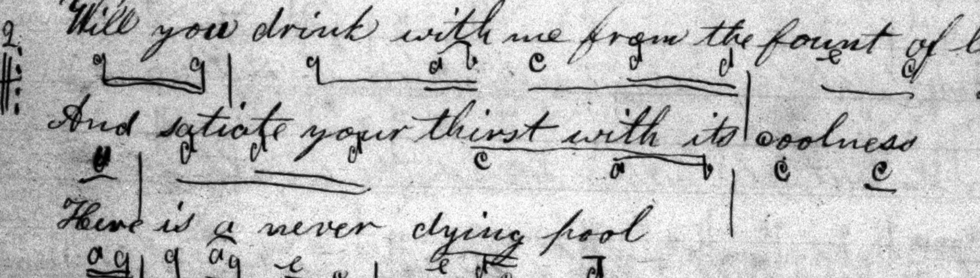
In love & life & merry glee We'll dance before our Mother
As free as are we meant to be & let the holy Angels see
How much we love eachother



6
We have the Heavenly race to run, few would ever win it
And every one that hasn't begun they'd better now begin it
The fleeting moments speed away & leave no time to parly
And if you want the victory commence the action early
Let us walk the pretty rode to heaven
Onward Mother says now time is rolling
Move on calmly never mind the weather O
Mothers love will cheer us in the day of sorrow.
6
O dont you want a little sup of Mother's precious wi
ned
Then turn your cup the right side up tis pure & well refi
No matter if it makes you reel & stagger all about
And makes bondage truly feel its time is nearly out



Come on let us march let us be progressing
In the way of righteousness it is interesting
It is peace & comfort too happiness & pleasure
If this way we will pursue we shall gain the treasure



Will you drink with me from the fount of love
And satiate your thirst with its coolness
Here is a never dying pool

How good to unite with the simple souls
The faithful follwers of Mother
Now my sweet love I would exchange
With each sister & each brother

Nor jealousy cause us to see
Some fault in our Brethren

Will joyfully bring Rich treasures of
comfort and peace The sweet Song of Zion
Will joyfully sing And every virtue increase

O sweet the reflection and solid the joy
By honest cross bearers possess'd
No dread of the future their pleasures destroy
When honesty reigns in the breast
Not all the vain glories that earth can
display The heart of the honest can win
From Christ the foundation the life and the
way To walk in the vile paths of Sin

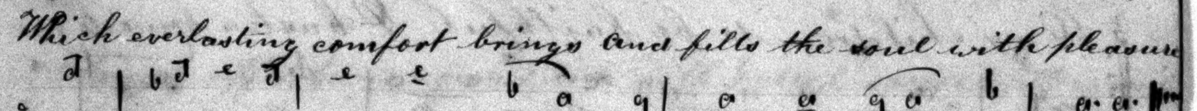
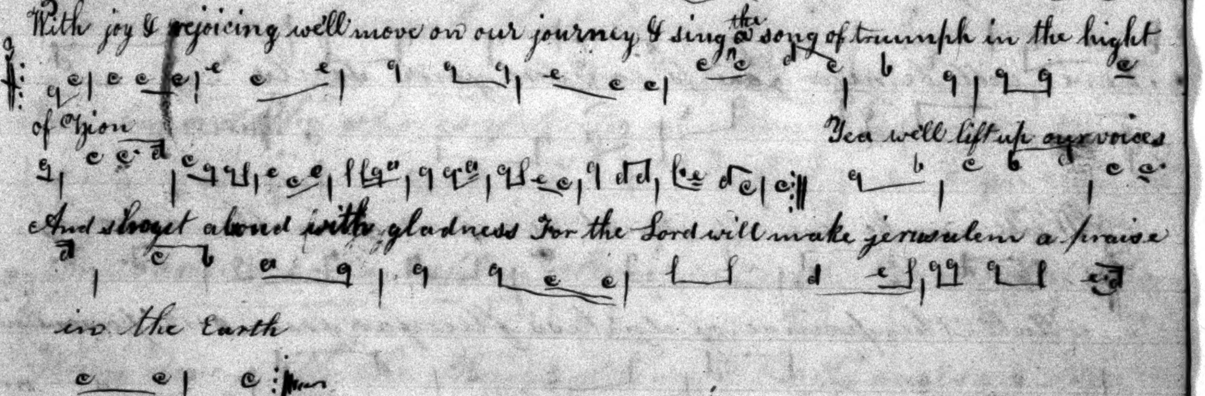
Come let us leave all fleeting things for an abiding treasure



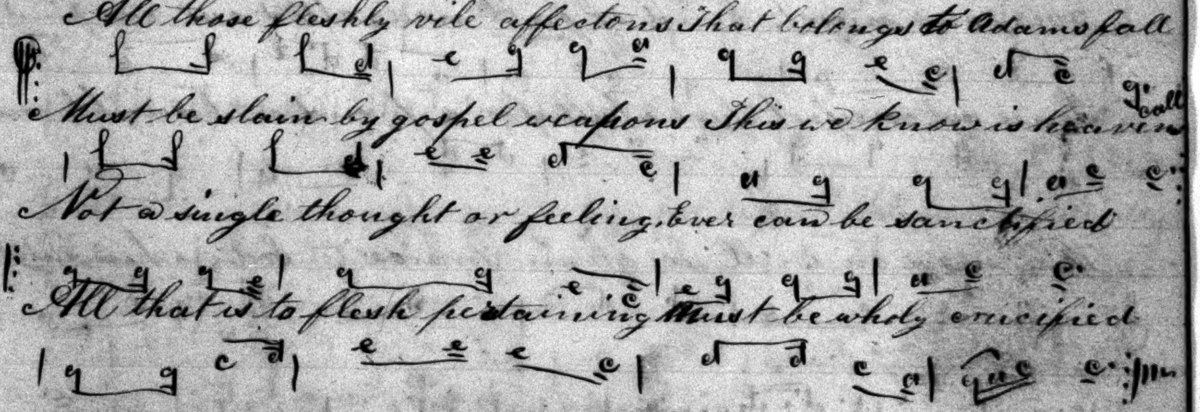
Which everlasting comfort brings and fills the soul with pleasure

With courag now I will fight on, Like those who've gone before me, Untill I truly overcome & shine in endless glory.
O then in songs of joy I'll sing sweet praise to Christ & Mother, Beyond earths shores with saints divine my soul shall live forever

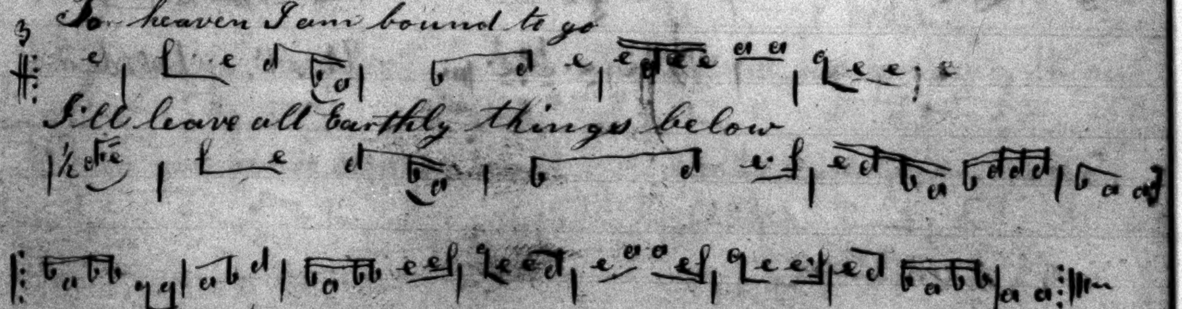
P. H.



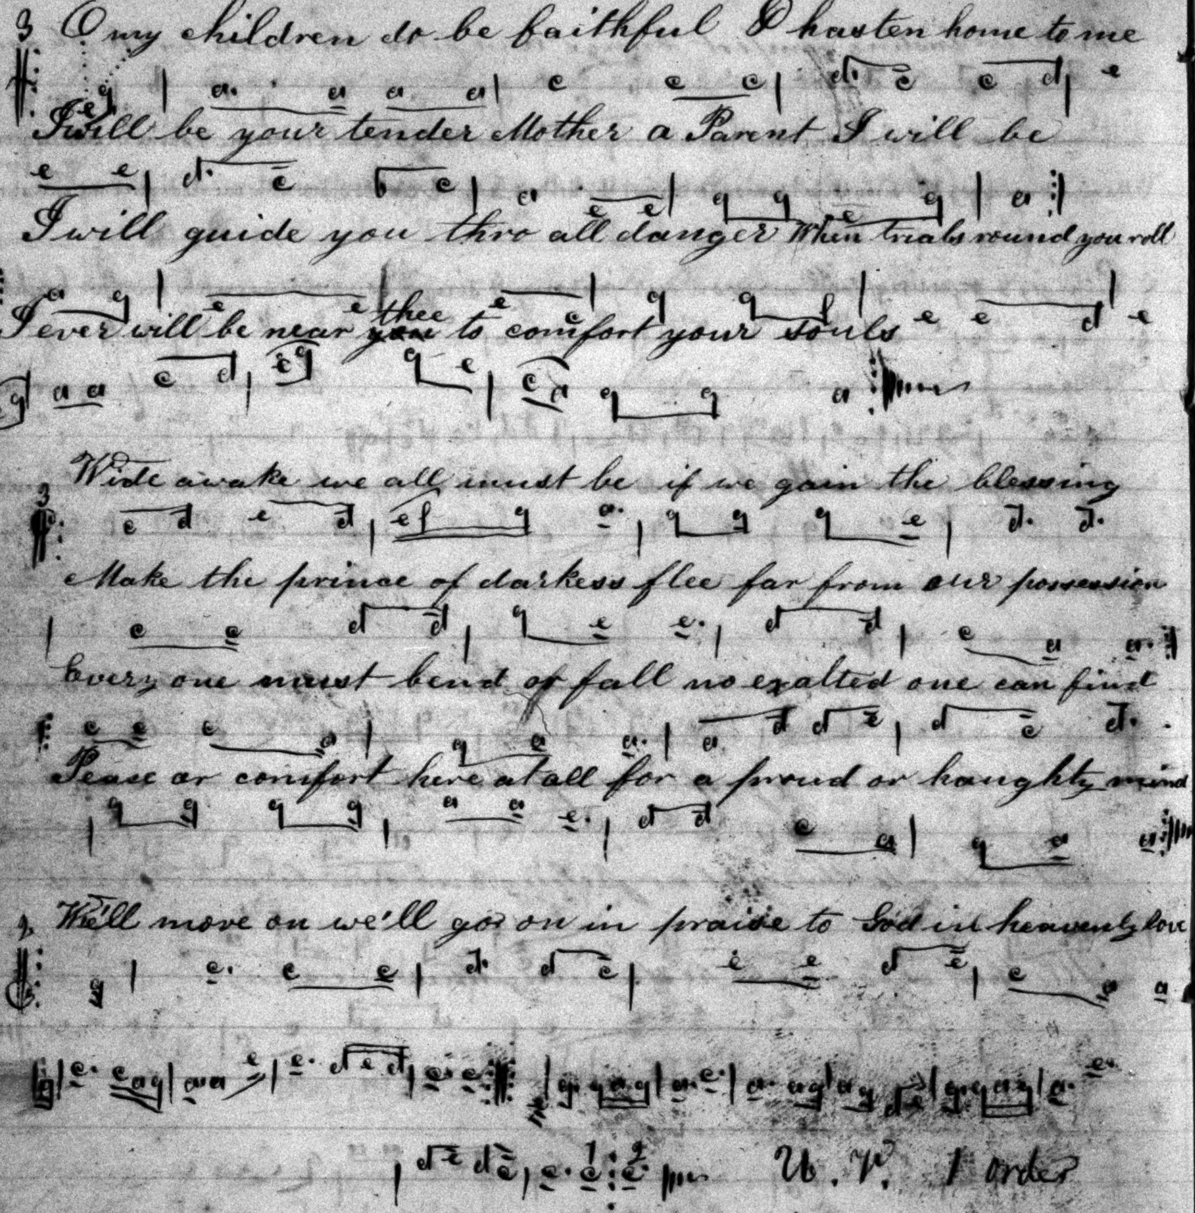
With joy & rejoicing we'll move on our journey & sing ~~a~~ the song of triumph in the hight of Zion
Yea we'll lift up our voices
And shout aloud with gladness For the Lord will make Jerusalem a praise in the Earth



All those fleshly vile affectons That belongs to Adams fall
Must be slain by gospel weapons This we know is heaven's call
Not a single thought or feeling, Ever can be sanctified
All that is to flesh pertaining Must be wholy crucified

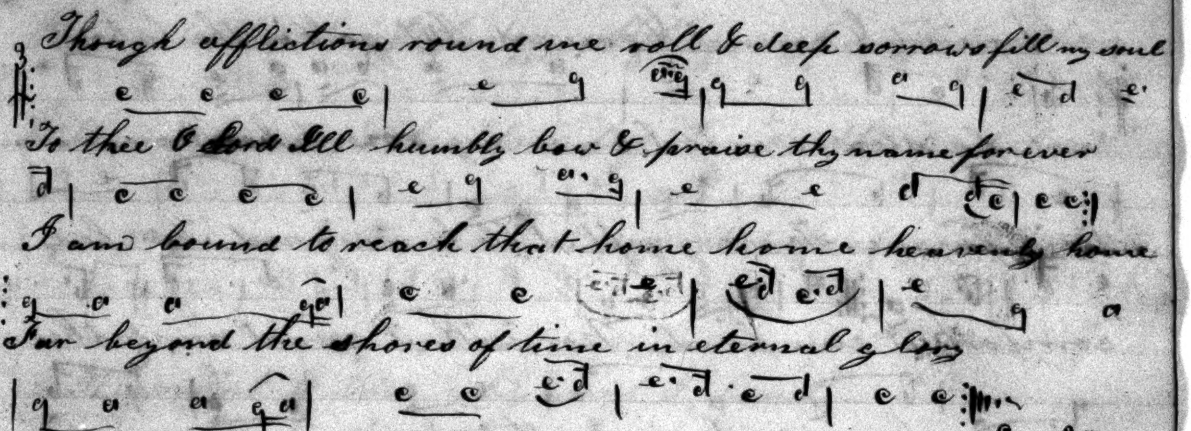


To heaven I am bound to go
I'll leave all Earthly things below



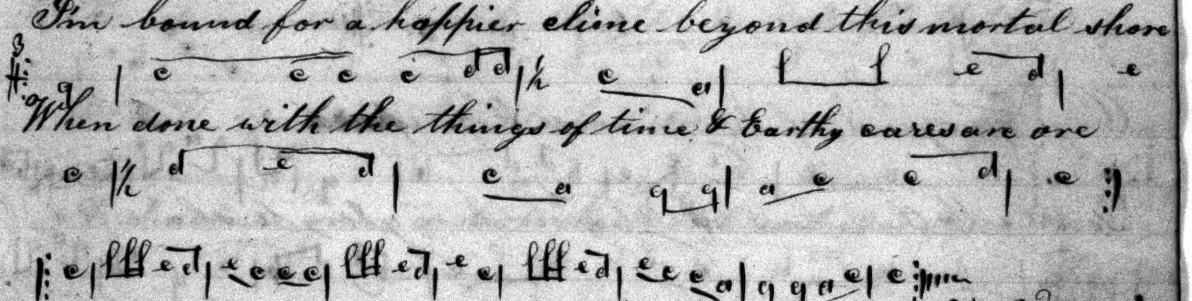
3
O my children do be faithful & hasten home to me
I will be your tender Mother a Parent I will be
I will guide you thro all danger When trials round you roll
I ever will be near ~~you~~ thee to comfort your souls
3
Wide awake we all must be if we gain the blessing
Make the prince of darkess flee far from our possession
Every one must bend or fall no exalted one can find
Peace or comfort here at all for a proud or haughty mind
2
We'll move on we'll go on in praise to God in heavenly love

U. V. 1 Order



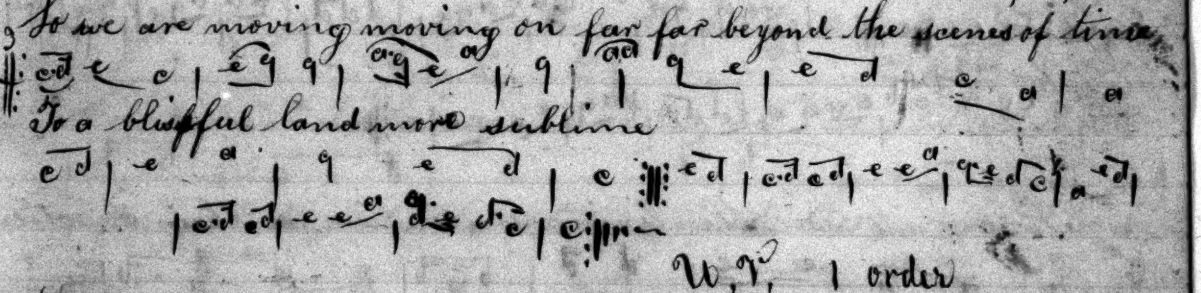
Though afflictions round me roll & deep sorrows fill my soul
To thee O Lord I'll humbly bow & praise thy name forever
I am bound to reach that home home heavenly home
Far beyond the shores of time in eternal glory

S, W



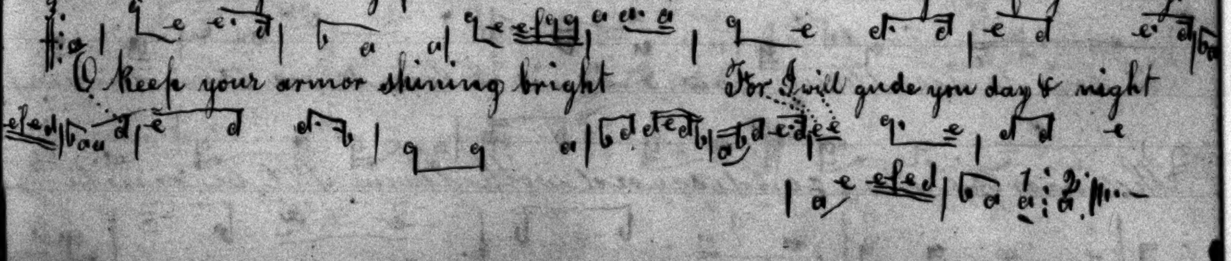
I'm bound for a happier clime beyond this mortal shore
When done with the things of time & Earthy cares are ore

W, V, 1 order

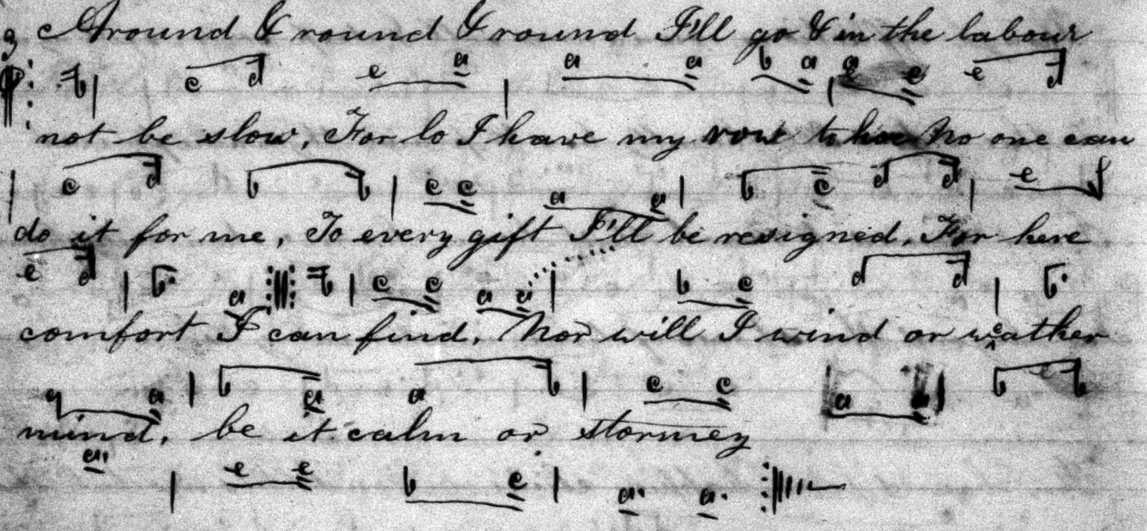


So we are moving moving on far far beyond the scenes of time
To a blissful land more sublime

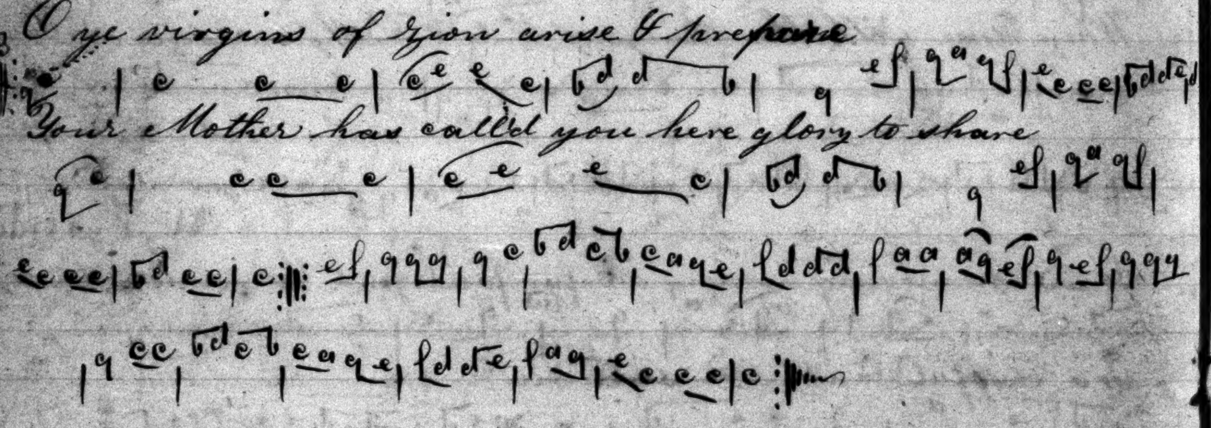
W, V, 1 order



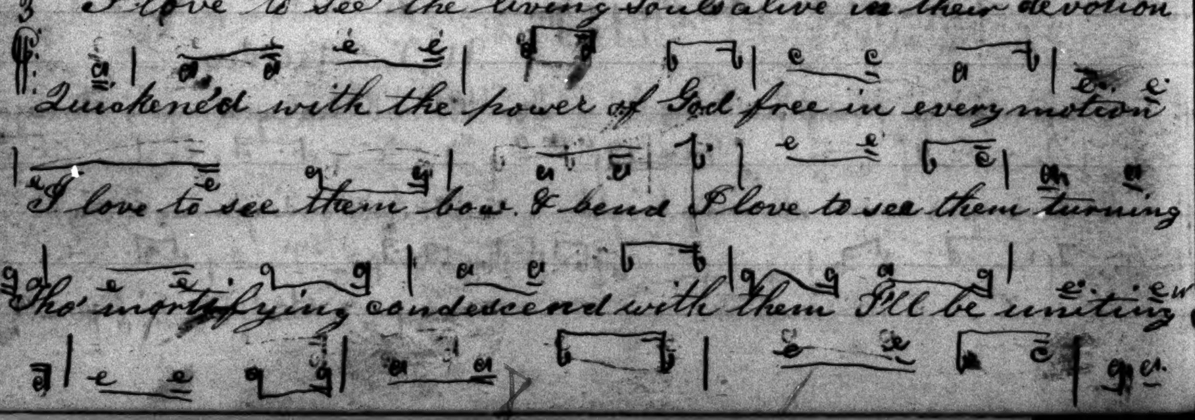
O hasten on ye lovely few
For God will bear you safely through
O keep your armor shining bright
For I will guide you day & night



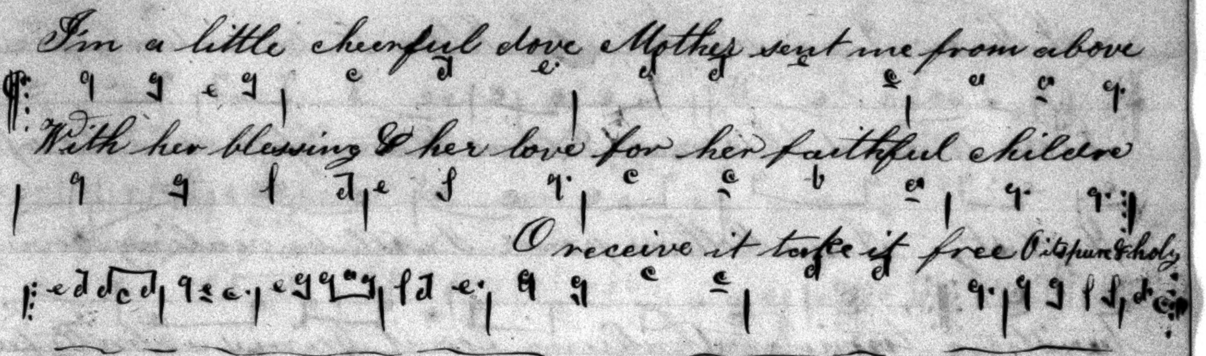
3
Around & round & round I'll go & in the labour
not be slow, For lo I have my work to do No one can
do it for me, To every gift I'll be resigned, For here
comfort I can find, Nor will I wind or weather
mind, be it calm or stormey



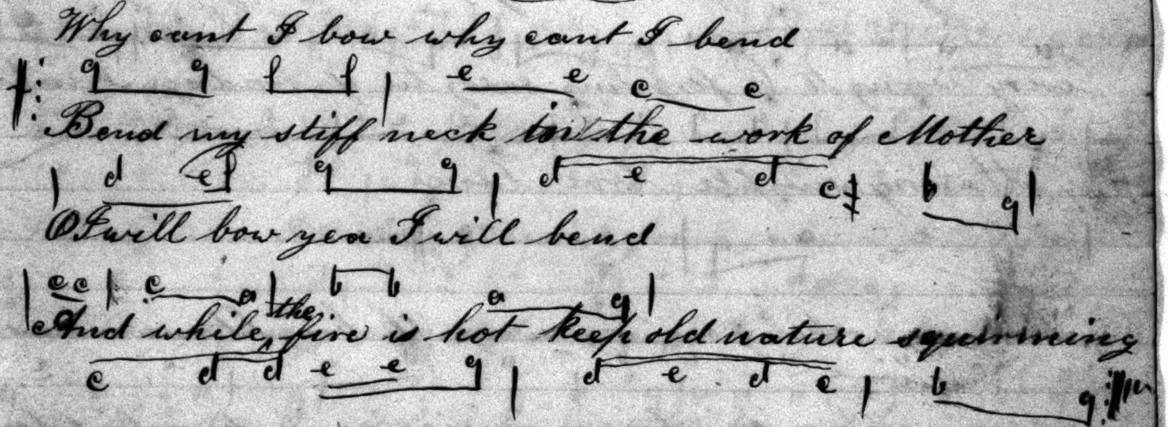
3
O ye virgins of Zion arise & prepare
Your Mother has call'd you here glory to share



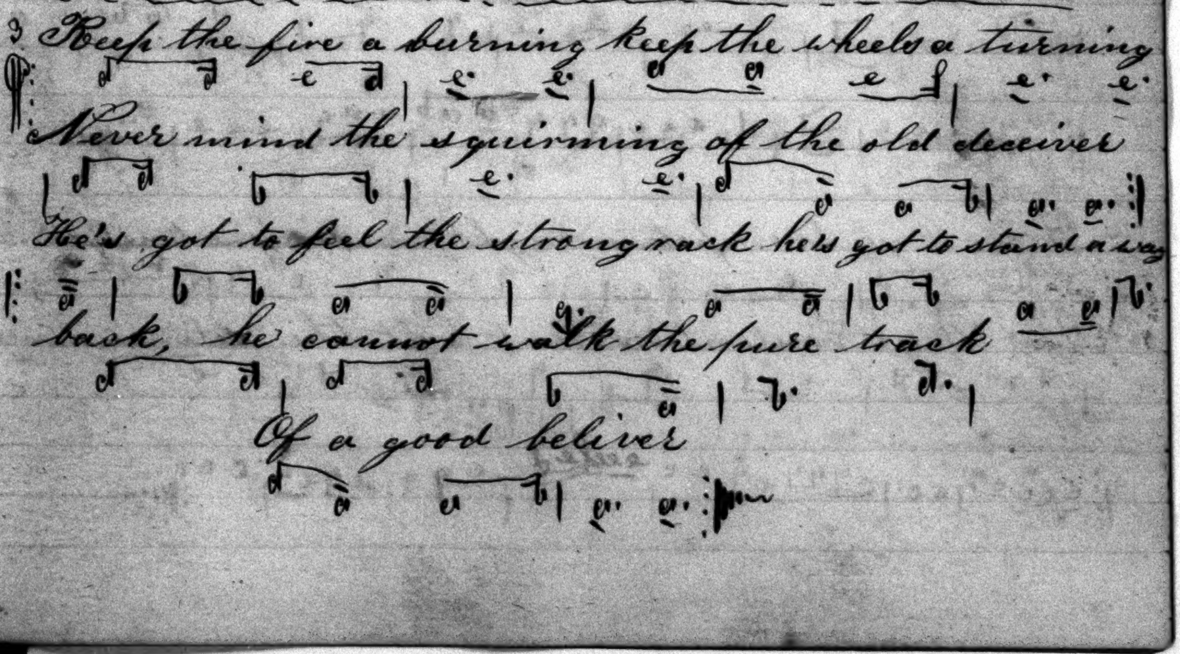
3
I love to see the living souls alive in their devotion
Quicken'd with the power of God free in every motion
I love to see them bow & bend I love to see them turning
Tho' mortifying condescend with them I'll be uniting



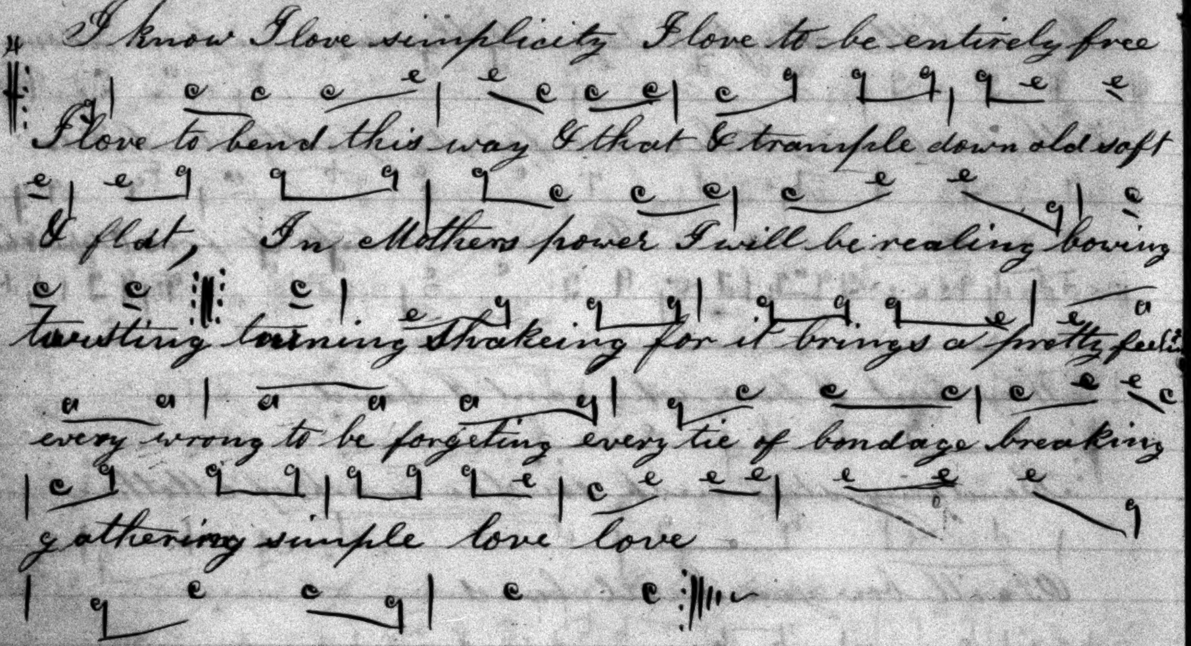
I'm a little cheerful dove Mother sent me from above
With her blessing & her love for her faithful children
O receive it take it free O its pure & holy



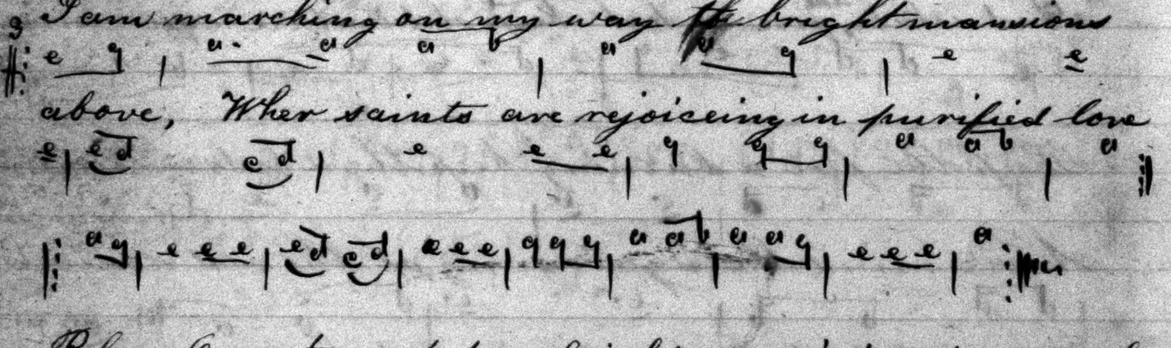
Why cant I bow why cant I bend
Bend my stiff neck in the work of Mother
O I will bow yea I will bend
And while the fire is hot keep old nature squirming



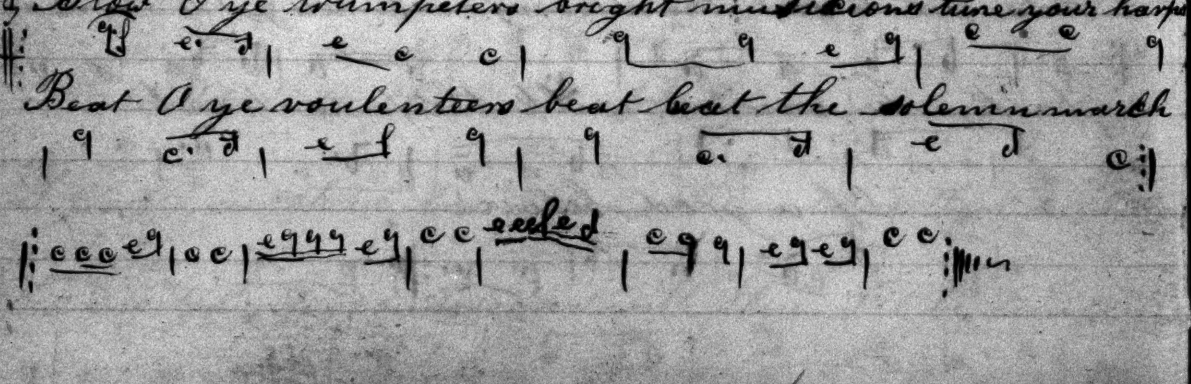
3
Keep the fire a burning keep the wheels a turning
Never mind the squirming of the old deceiver
He's got to feel the strong rack he's got to stand a way
back, he cannot walk the pure track
Of a good beliver



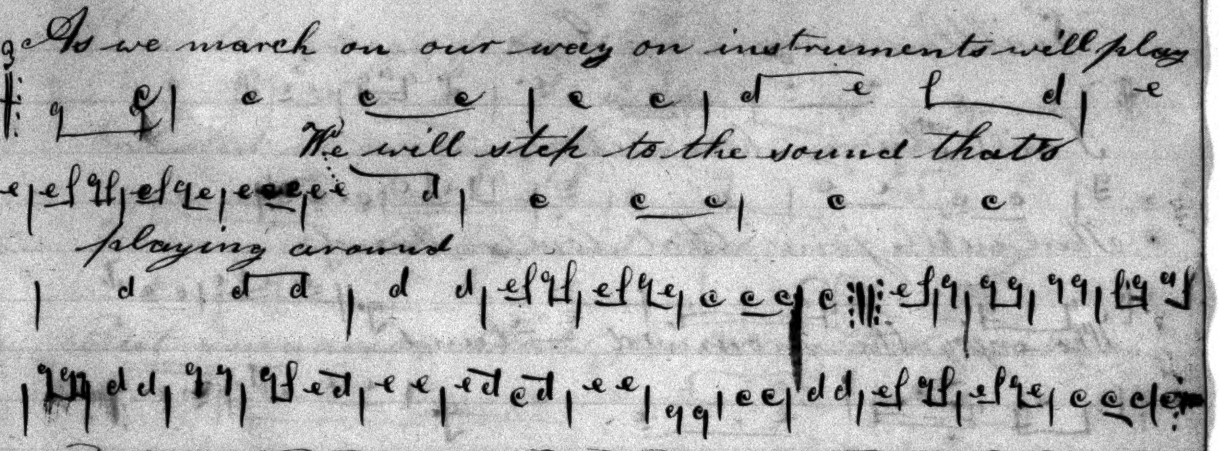
4
I know I love simplicity I love to be entirely free
I love to bend this way & that & trample down old soft
& flat, In Mothers power I will be realing bowing
twisting turning Shakeing for it brings a pretty feeling
every wrong to be forgeting every tie of bondage breaking
gathering simple love love



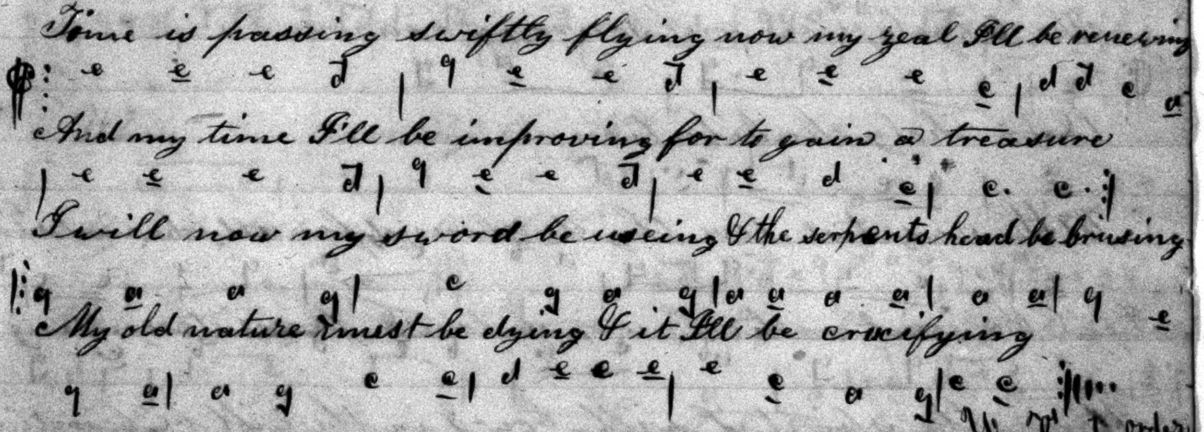
3
I am marching on my way the bright mansions
above, Wher saints are rejoiceing in purified love



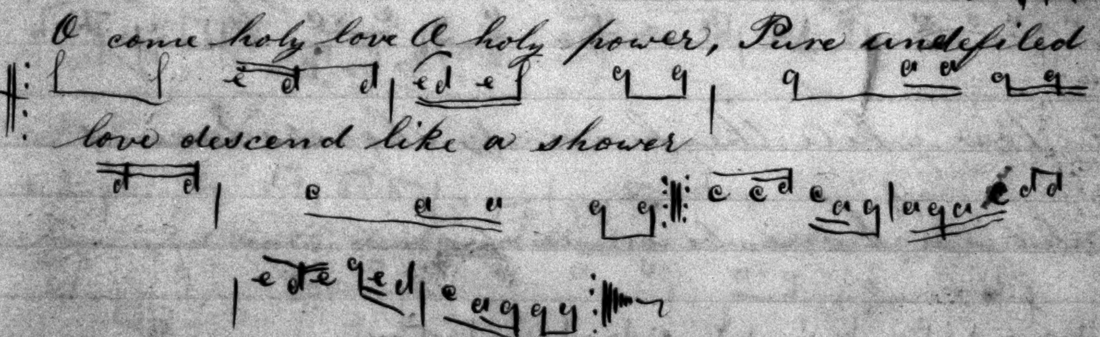
3
Blow O ye trumpeters bright musicions tune your harps
Beat O ye voulenteers beat beat the solemn march



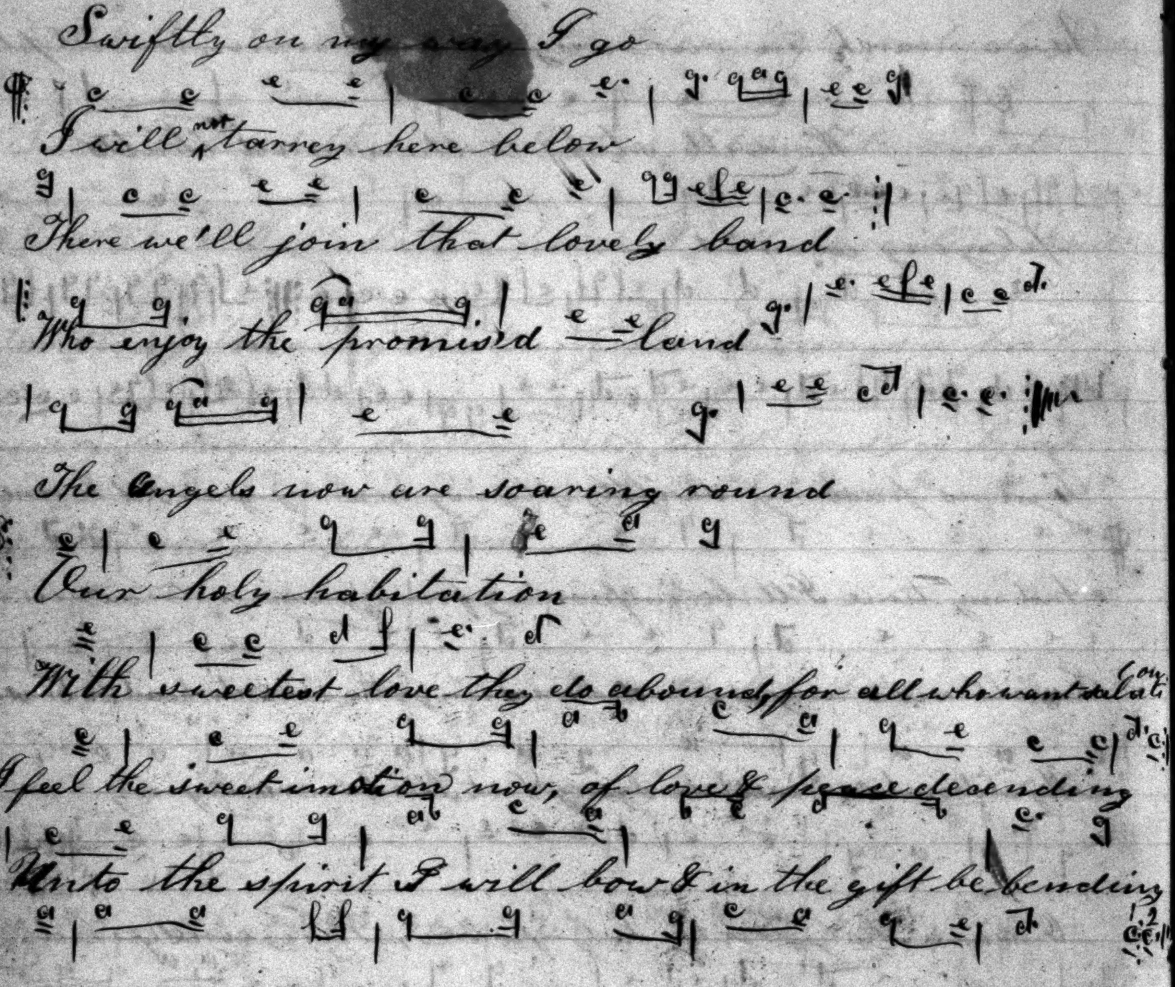
As we march on our way on instruments will play
We will step to the sound that's
playing around



Time is passing swiftly flying now my zeal I'll be renewing
And my time I'll be improving for to gain a treasure
I will now my sword be useing & the serpents head be brusing
My old nature must be dying & it I'll be crucifying
order



O come holy love A holy power, Pure undefiled
love descend like a shower

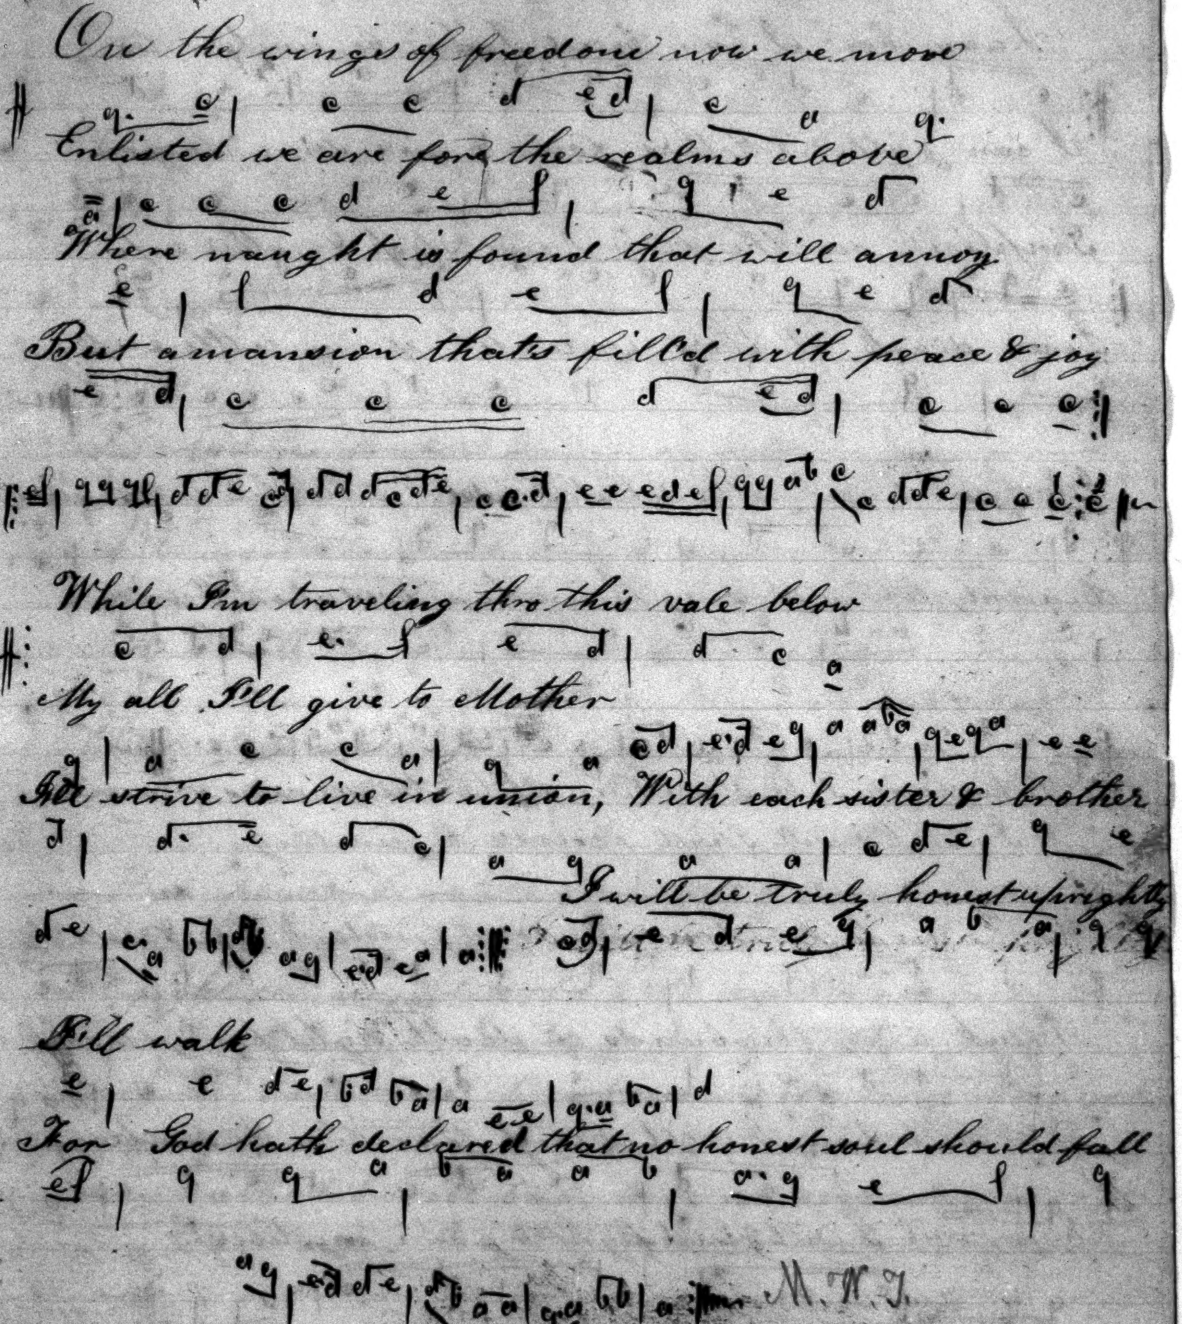


Swiftly on my way I go
I will not tarrey here below
There we'll join that lovely band
Who enjoy the promised land
The Angels now are soaring round
Our holy habitation
With sweetest love they do abound, for all who want salvation
I feel the sweet imotion now, of love & peace descending
Unto the spirit I will bow & in the gift be bending

Now while the heavenly showers descend

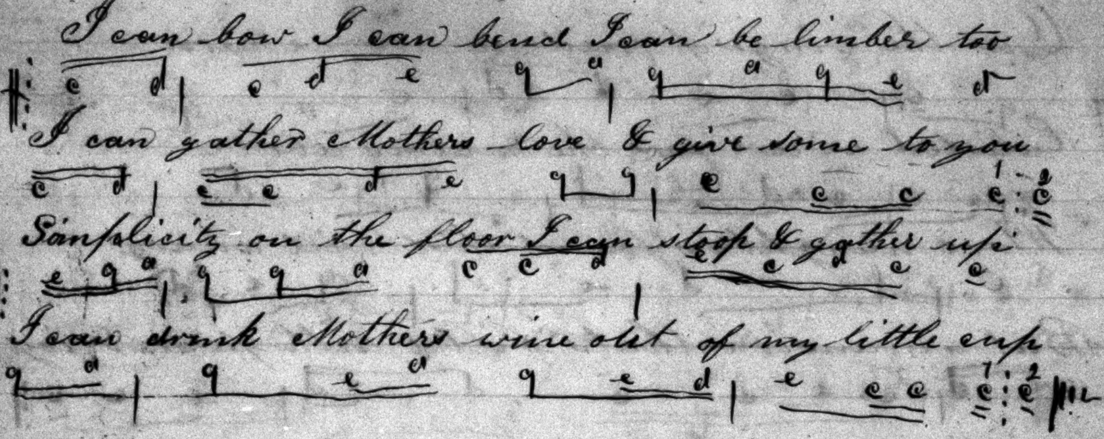
Let each one be in motion

For there's no idol time to spend If we do get our portion

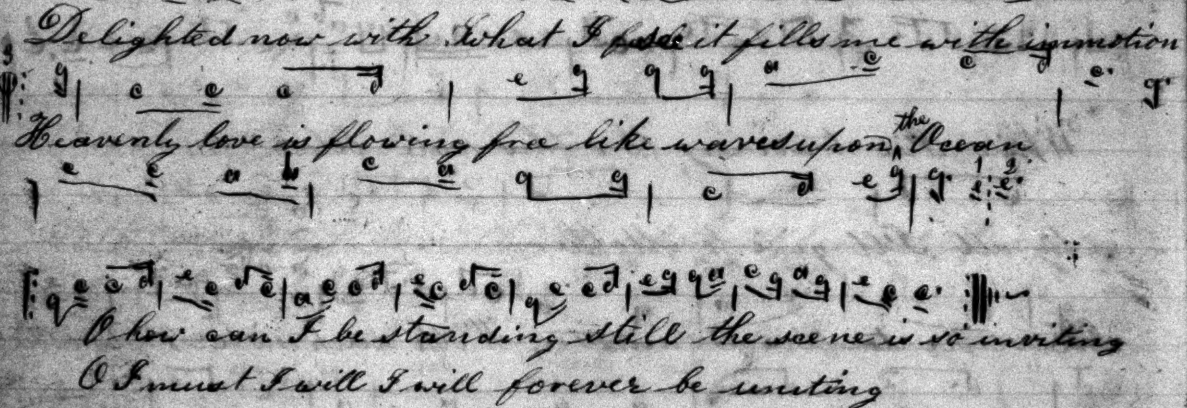


On the wings of freedom now we move
Enlisted we are fore the realms above
Where naught is found that will annoy
But a mansion that's fill'd with peace & joy
While I'm traveling thro this vale below
My all I'll give to Mother
I'll strive to live in union, With each sister & brother
I will be truly honest upright
I'll walk
For God hath declared that no honest soul should fall

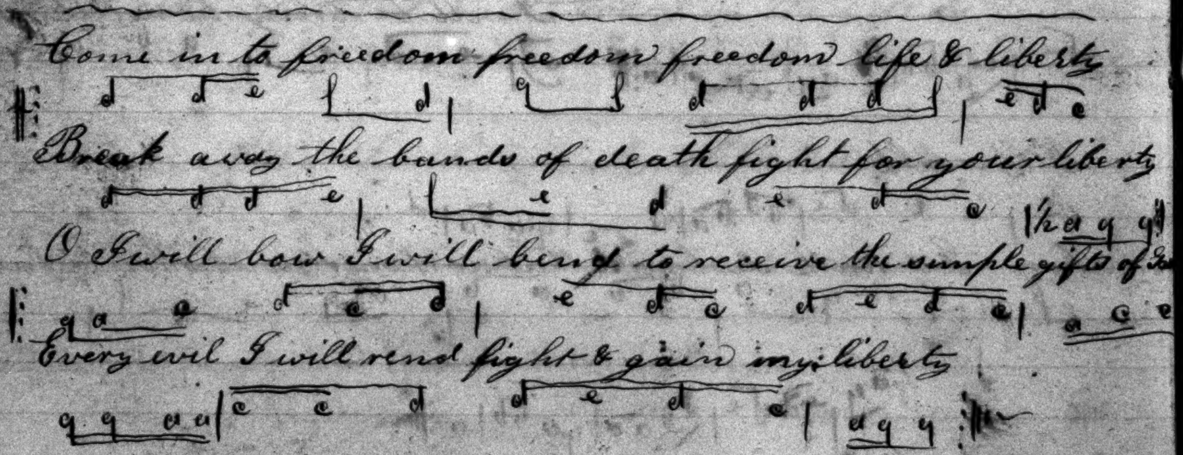
M. W. T.



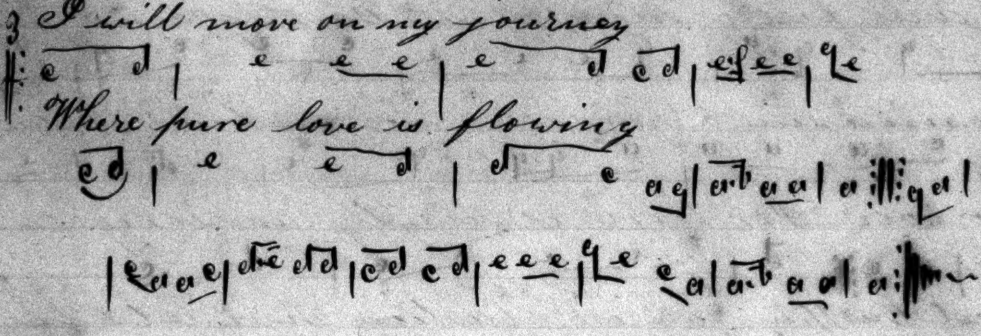
I can bow I can bend I can be limber too
I can gather Mothers love & give some to you
Simplicity on the floor I can stoop & gather up
I can drink Mothers wine out of my little cup



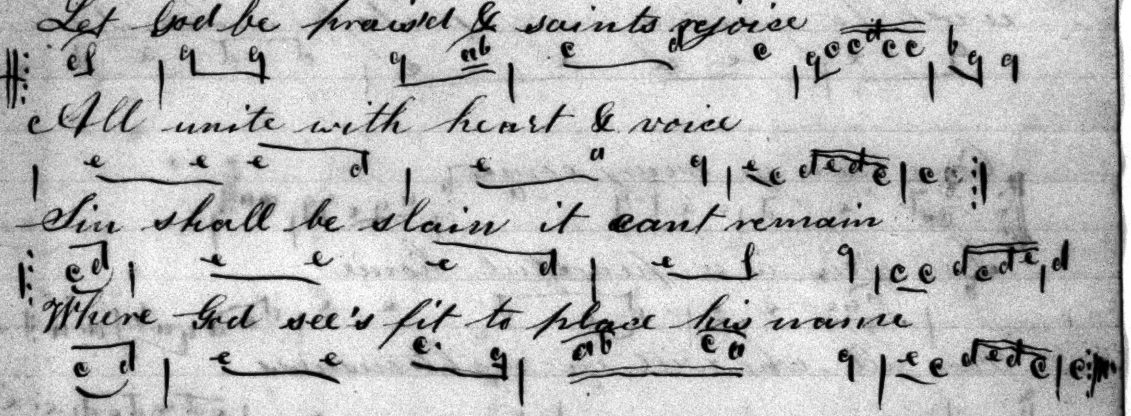
Delighted now with what I see it fills me with emotion
Heavenly love is flowing free like waves upon the Ocean
O how can I be standing still the scene is so inviting
O I must I will I will forever be uniting



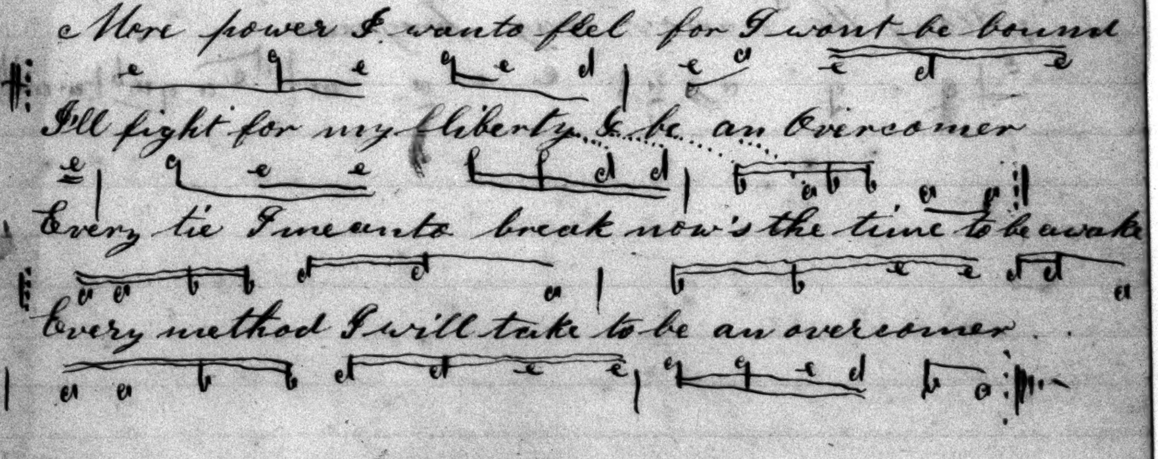
Come in to freedom freedom freedom life & liberty
Break away the bands of death fight for your liberty
O I will bow I will bend to receive the simple gifts of Go
Every evil I will rend fight & gain my liberty



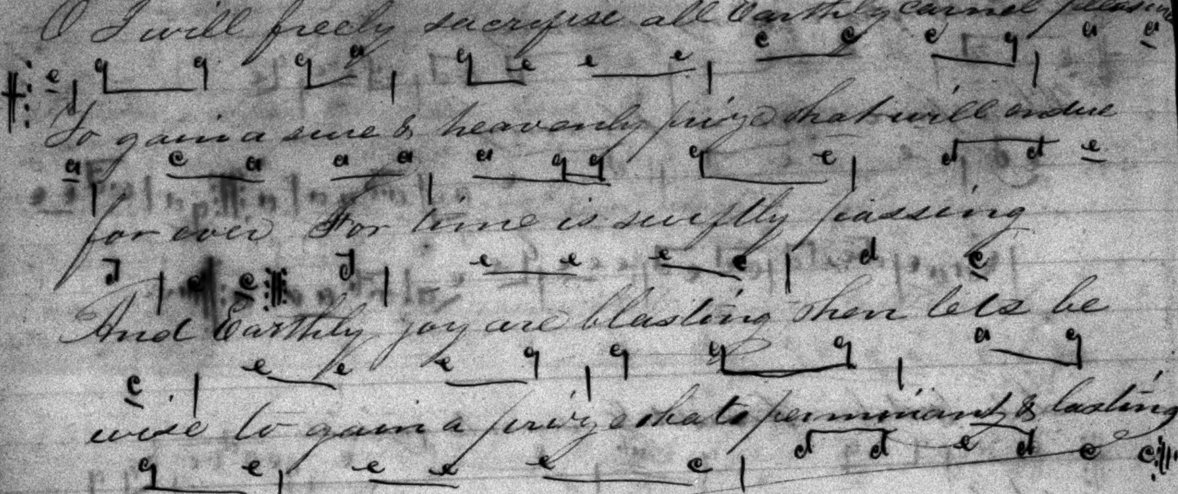
3 I will move on my journey
Where pure love is flowing



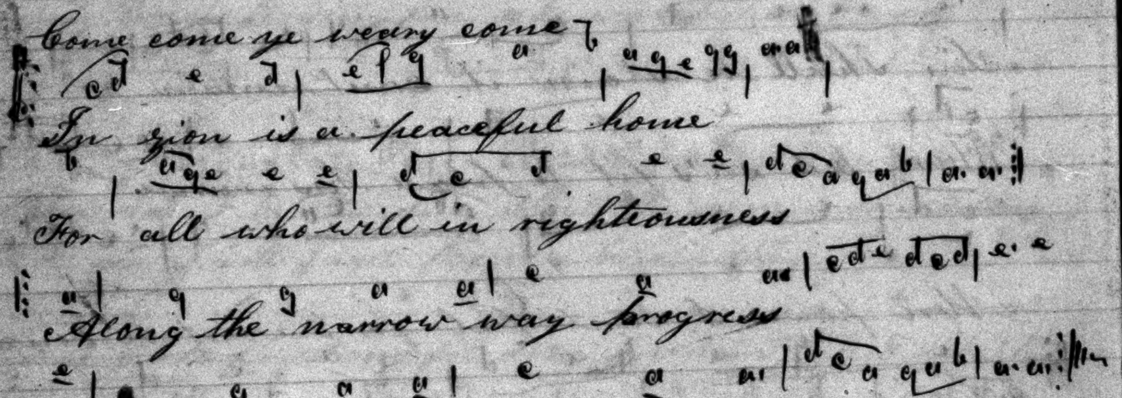
Let God be praised & saints rejoice
All unite with heart & voice
Sin shall be slain it cant remain
Where God see's fit to place his name



More power I wants to feel for I wont be bound
I'll fight for my liberty & be an Overcomer
Every tie I means to break now's the time to be awake
Every method I will take to be an overcomer.



O I will freely sacrifise all Earthly carnel pleasure
To gain a sure & heavenly prize that will endure
for ever For time is swiftly passing
And Earthly joy are blasting then lets be
wise to gain a prize thats permanant & lasting



Come come ye weary come
In zion is a peaceful home
For all who will in righteousness
Along the narrow way progress
